FACULTY

AND

ADMINISTRATION

The past year has been one of transition and difficult adjustment, not only at Mountain View High School, but throughout the nation and the world. The adaptability of the students at Mountain View High School has reaffirmed my belief in the youth of today.

The reaction to the new classes has been gratifying and a second year of flexible scheduling has shown many advantages over traditional classroom procedures. For the first time we have offered a multicultural program, and while it is limited in scope, it promises to foster greater understanding within the community.

I should like to extend special thanks to the Senior class for its leadership and to wish each member of the class success and happiness.

C.A.S.C. Representative

Mountain View High School was honored this year by hosting the Fall Conference of the California Association of Student Councils (C.A.S.C.). With 300 student leaders in attendance the problem of "The Alienated Student" met an on-slaught of solutions and answers. We all recognized the fact that it is today that we must sense our concern for others outweighing our concerns for ourselves.

The conference felt the need for opening communications between students, parents, and administrators. But perhaps more important than that was our observation of many of the motivations that create an alienated student. I am truly glad that Mountain View High was able to host this very important conference.

Dietgard Schoening

Dietgard Schoening Our A.F.S. Representative From Germany

One year is just a short part of one's life. But it can be filled with many new experiences and thus be more valuable than several years together. I found this true during my stay with the Edginton family and at your school. I learned more about you — the American people — and your country than I could ever learn out of books. For this direct experience I am very grateful. All of you — Students, Teachers, and Administrators — helped to make this year so great and I want to thank you very deeply for your kindness.

As years go by, some events will stand out, others will lose color but friendship will always remain. Everything together assures that this year will shine as a very bright light through my future life. My hope is to see you again sometime. So I say not "Good-bye," but "Auf Wiedersehen."

Boys' State

Last summer I was honored to be selected by the American Legion and our faculty for a memorable week at California Boys' State in Sacramento. 1968 Boys' State was made up of 850 boys selected on the basis of academic and leadership qualifications. The purpose of Boys' State was to set up and run a simulated state government. Although there was much to be learned and much to contribute about state, county, and local governments, I feel the largest gain to be made was learning the meaning of cooperation and brotherhood with individuals of many different backgrounds.

I would like to sincerely thank the American Legion for this worthwhile week and would encourage opportunists to pursue this goal.

Art King

Girls' State

My stay at California Girls' State — last summer was a valuable experience for me. At Girls' State I, along with 500 other girls, learned about the city, county, and state governments of California, by forming political parties and building up working governments.

More important to me than the governmental experience and knowledge was the love and friendship shared by the girls. Upon arriving at the Davis Campus all of us were total strangers, but after a week of working and living together we all felt as though we had always been good friends.

I am deeply grateful to the American Legion and to MVHS for giving me the opportunity to attend Girls' State.

Fall A.S.B. Officers

It has been a pleasure to serve as your Fall Student Body President. This is one of the highest honors imaginable which a student body can bestow on one of its members. The accomplishments made this year are proof of the cooperation that the entire student body has given. Certainly we have much farther to go and I am hopeful that the past and present progress will help the progress of the future.

Thank you,

Spring A.S.B. Officers

Friends and Fellow Students,

The second semester saw many changes and innovations. The dream of many students came into being when the new student body Constitution was put into effect. I really believe that the new Constitution will greatly improve the effectiveness of student government. The Inter-club Council will coordinate club activities so that conflicts of interest will not arise.

It has been a real pleasure to have been able to serve as your Student body President. I wish to thank all those who were so much help during my administration.

November 15, 1968 the Eagles played Los Altos and although we lost, our Varsity played their finest game of the season leaving them with a 7 & 2 record. Halftime activities found the Eagles 1 point behind the Knights and the excitement of the evening grew as Carol Hjerpe was crowned Homecoming Queen for 1968 as Peggi Willems former Queen, performed her last duty.

Class History

The Class of '69 can look back on their four years at Mountain View High School with pride.

Coming from separate junior high schools, they united as a spirited freshman class to produce their successful variety show, "The Mice That Roared." They explored Mountain View High School by joining clubs and activities.

They returned the following year as experienced sophomores and hosted a Welcome Dance for the incoming freshmen and displayed their talent at the Sophomore Variety Show.

As juniors they achieved their goals through hard work and good leadership. The funds for the Junior Prom, "Scarborough Fair," were raised through working on the Junior Carnival.

As Seniors, the Class of '69 has shown

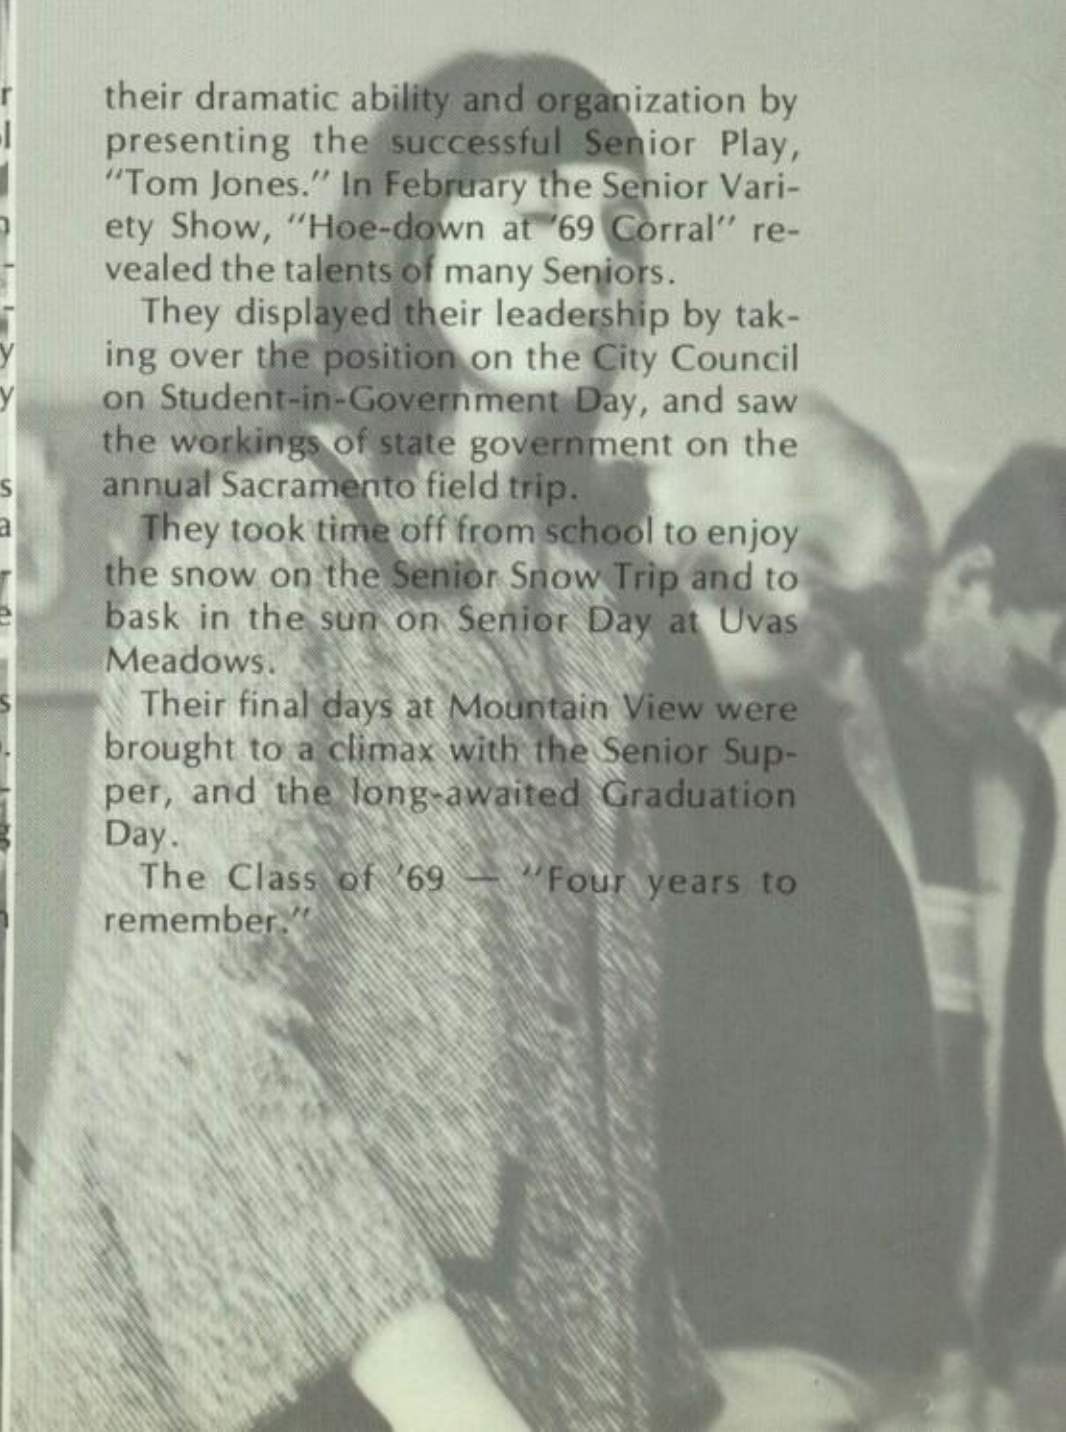

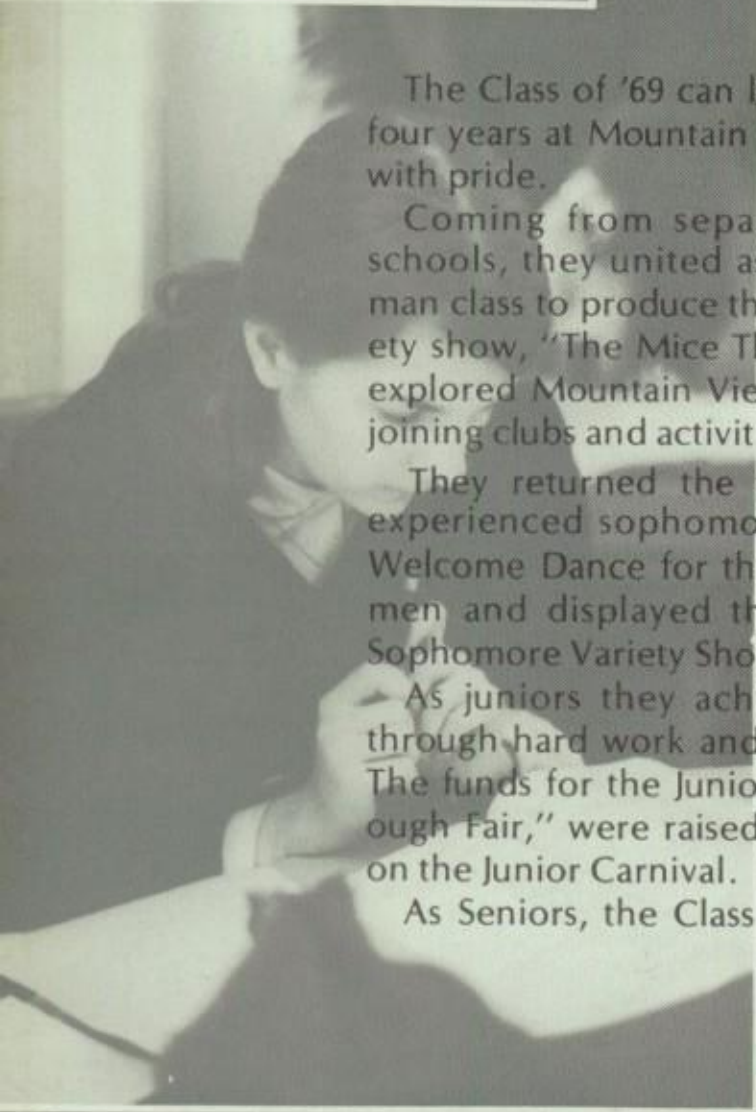

their dramatic ability and organization by presenting the successful Senior Play, "Tom Jones." In February the Senior Variety Show, "Hoe-down at '69 Corral" revealed the talents of many Seniors.

They displayed their leadership by taking over the position on the City Council on Student-in-Government Day, and saw the workings of state government on the annual Sacramento field trip.

They took time off from school to enjoy the snow on the Senior Snow Trip and to bask in the sun on Senior Day at Uvas Meadows.

Their final days at Mountain View were brought to a climax with the Senior Supper, and the long-awaited Graduation Day.

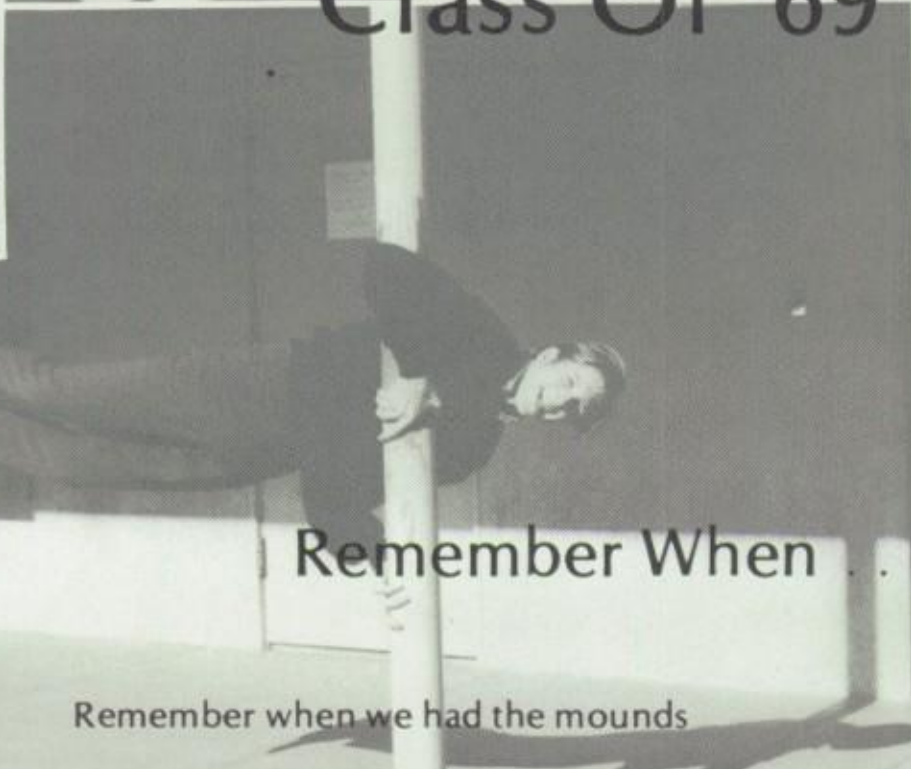

The Class of '69 — "Four years to remember."

Great Decade

Class Of '69

Remember When ...

Remember when we had the mounds

Remember when we had brunch

Remember when Mr Major was principal

Remember Mrs. Walker

Remember Freshmen Day and the swimming pool

Remember when Ploomie wore two different colored shoes

Remember when we used to register for classes

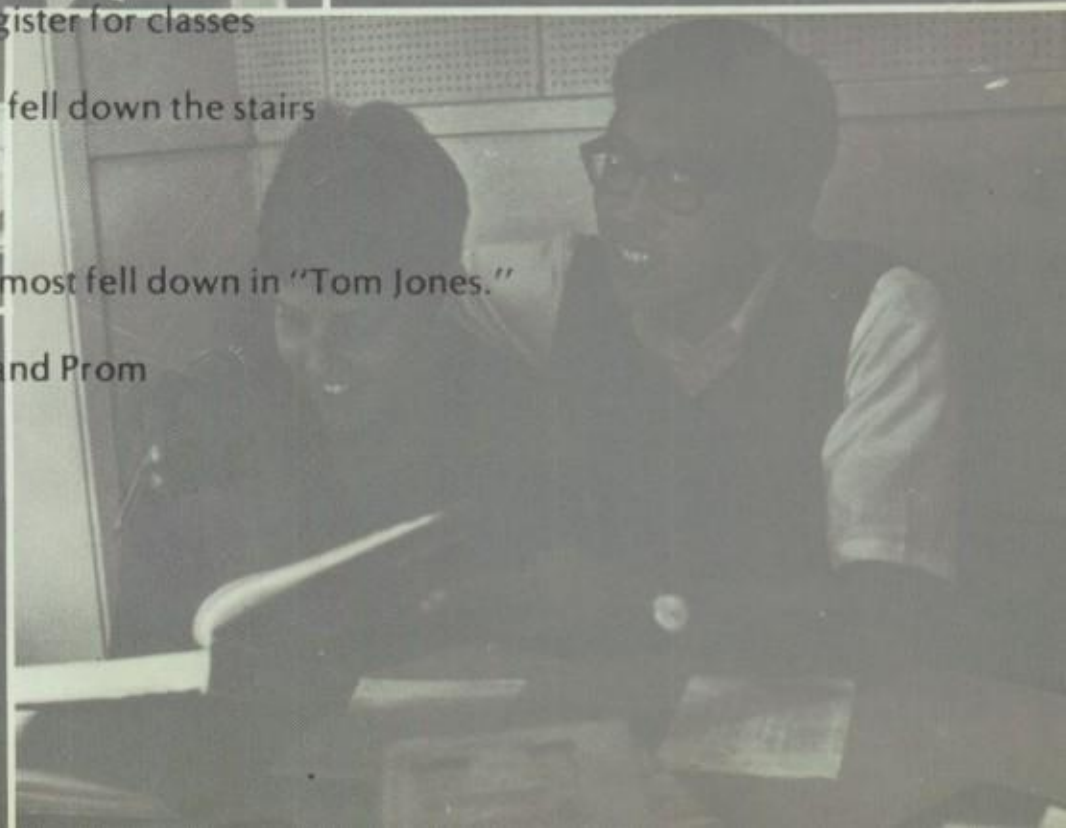

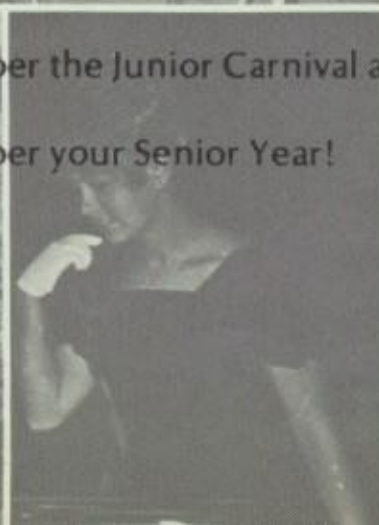

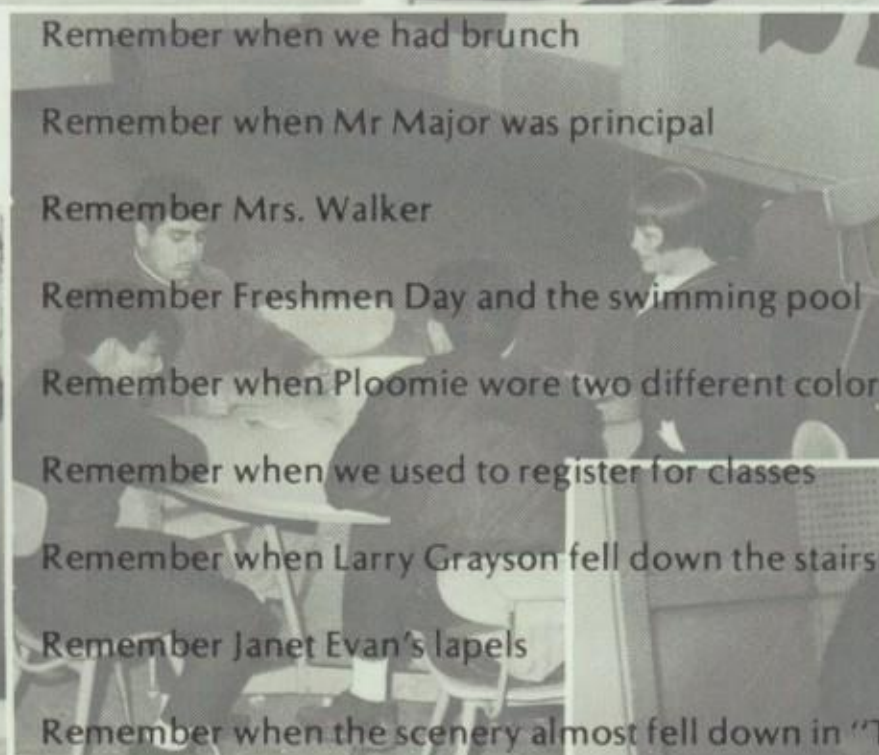

Remember when Larry Grayson fell down the stairs

Remember Janet Evan's lapels

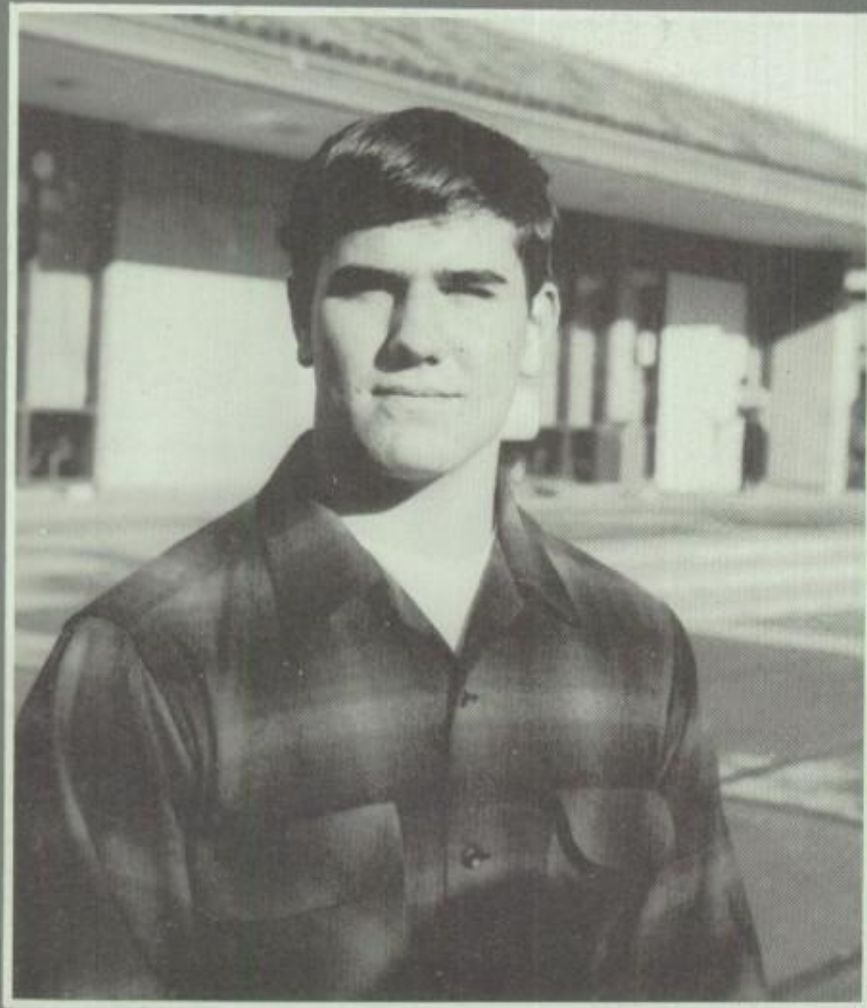

Remember when the scenery almost fell down in "Tom Jones."

Remember the Junior Carnival and Prom

Remember your Senior Year!

SENIORS . . .

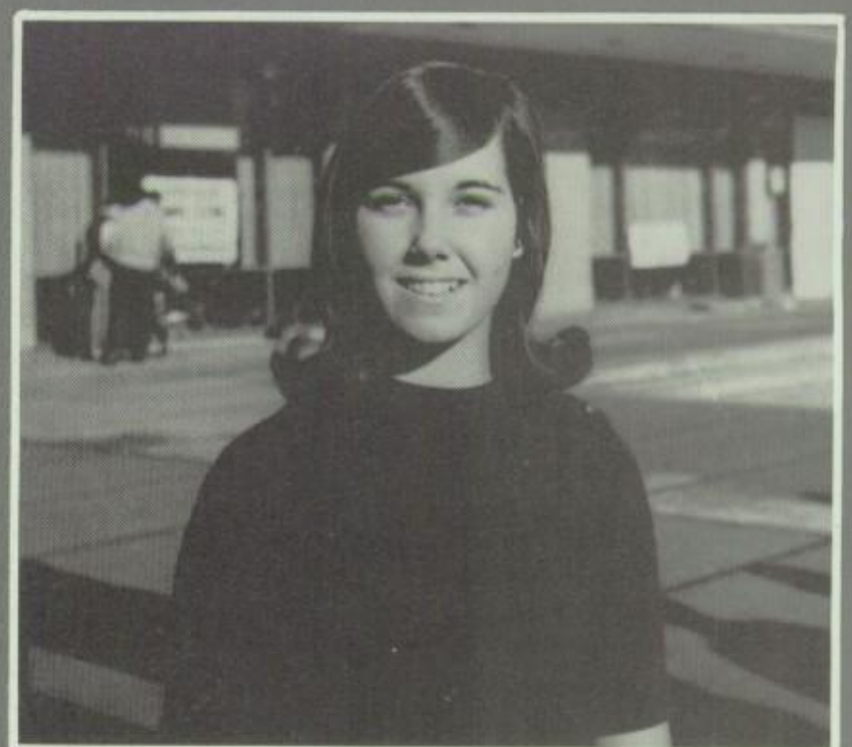

President
Art King

The year 1969, many people will remember for various reasons. "69" will always ring a familiar note to Mountain View's graduating seniors because it marks the end of four years of hard work and fun activities. This year 1969, has enabled each member of the Class of '69 to enrich his past, thus preparing him for the future.

Man is challenged today to excel in almost every endeavor . . . those who do succeed often trace the beginnings of their performance pattern to accomplishment in high school and to those who offered stimulation and inspiration in these formative years. Josten's has long been a partner to these educational leaders in providing a means of motivation and the rewards of recognition, and Josten's products have become tangible symbols honoring perseverance and achievement.

WHAT DO YOU GAIN FROM ARMY ROTC?

GREAT OPPORTUNITY. When the ROTC student is appointed a commissioned officer in the United States Army, he will have achieved the enviable combination of a college degree in his chosen field and a position of leadership in the service of his country. He will be making the most of his potentialities for both a civilian and military profession.

GREAT SUCCESS. From 5% of college men who had ROTC training have come 24% of our state governors, 28% of executives earning \$100,000 to \$325,000 per year, 10% of Congress, 15% of our ambassadors.

GREAT EXTRAS. \$50 per month in junior and seniors years. Scholarships for outstanding students. Free flight training at over 125 colleges. Extra social activities — military balls, honor societies, bands, rifle teams.

Any way you look at it, there's a lot more going for you when you're in ROTC. For further information, phone 294-6414, ext. 2722, or come to Rm. 308, MacQuarrie Hall, San Jose State College.

Your future, your decision . . .

Choose Army ROTC.
